to me

Hello Catherine,

Thank you for your letter of introduction and explanation. Thank you also for the copy of your book. I acknowledge and respect the journey you are on.

I trust you have sent the same package of information to the new Attorney General, and hope he will have a chance to review your request and respond in a timely manner.

Thank you for sharing your experiences and for making suggestions that may benefit other grieving families in the future.

Sincerely,

Nicholas Simons, MLA
